- A new sanctuary that will seat 350-450 persons and hold all services of worship (contemporary and traditional)
- A new administration building with workspaces that meet the needs of tomorrow as well as a modern choir suite
- A new welcome lobby with added restroom facilities to foster a hospitable gathering space and "front door" to our campus
- Renovated preschool and nursery facility (including the playground) to accommodate the growing needs of our church and community
- Remodeling the existing sanctuary and east side of our campus to offer updated children and youth classrooms and worship spaces
- Refashion the Activities Center to create remarkable senior adult programming and fellowship spaces as well as updated Sunday school classrooms
- A new and sound traffic flow with additional parking spaces

PERDIDO BAY UNITED METHODIST CHURCH

Capital Campaign Summary

Why we Give

PBUMC has always risen to the occasion and done what was necessary, not merely to survive as a congregation, but to thrive as the Body of Christ in our community. We stand at a crossroads of opportunity, where our generation has the chance to improve our ministry here and now, but also leave a strong foundation for generations to come. Our sacrificial giving, over and above our tithe or operating pledge, is what will make this strong foundation possible. With your gift we can dream with God and help resource His growth and vision for PBUMC to be the heart of the community.

Your Response

Prayer

Pray for the vision God has for PBUMC and for the role each of us play in the future of our church. This will require extraordinary discipleship from every home in our church family.

Presence

We need you to take part in leadership giving and talk to others about the importance of the campaign. To be successful, this campaign will not be based on one person's efforts, but on the countless efforts of every committed member.

Participation

We need every member to participate through a series of prayerful decisions. We are all gifted financially in different ways, but we can all practice equal generosity, equal sacrifice.
